NK 100-23881 - Serial 13 - Justification

Enclosed is serial 13 from the NK file #100-23881, volume 1, concerning Mark Page. It is a four-page internal memorandum from a Special Agent to the Special Agent in Charge dated 7/1/46. This document was partially denied.

The information withheld concerns a list of members of the Orange Club of the Communist Party in Essex County, N.J., furnished to us by a confidential source. The source symbol number, in paragraph 1 on page 1, was denied pursuant (b)(7)(D). Exemptions (b)(7)(C) and (b)(7)(D) were asserted for the remainder of denied material on page 1 and pages 2-4. The (b)(7)(C) exemption was used to protect against an invasion of the personal privacy of third parties who were listed as members of this club but, were not directly related to the Rosenberg investigation. The (b)(7)(D) exemption was asserted to protect the confidential source who furnished this information. The specific nature of this information concerning these persons and the addition of names to the list, by the source, would through the process of elimination identify the source.

NK 100-23881 - Serial 22 - Justification

Enclosed is serial 22 from the NK file #100-23881, volume 1, concerning Mark Page. It is a two-page internal memorandum from a Special Agent to the Special Agent in Charge dated 10/28/48. This document was partially denied.

The material withheld concerns personal information about third parties and their membership in the Communist Party. In paragraph 1, page 1 the date and source symbol number were denied pursuant to (b)(7)(D). Paragraphs 2-6 and copy disseminations on page one and paragraphs 2-4 on page 2 were denied pursuant to (b)(7)(C) and (b)(7)(D). To release this material would be an invasion of the personal privacy of third parties not directly related to the Rosenberg investigation. Also, the specific nature of the information about these persons would reveal the confidential source who furnished this information.

December 28, 1945.

Dear Comrade:

Quite a number of Communist Vets have returned to Essex County. This gives us the forces for developing a program of action around the veterans issues.

Such activities however must be organized. It is with this in mind that I'm asking you to attend a meeting at 40 Clinton Street on Wednesday, January 2, at 8:00 PM. The purpose will be to organize a veterans commission to plan and develop the work.

Make every effort to attend. If you find it impossible to be present, please call Ma 3-4910 and let me know.

2516 1/31/46 NK-CB Stated that MARK's name appeared in the Star Ledger this day regarding FEPC publicity. He does not want to attend the Lenin affair in partial uniform. Thinks it would be very unwise. He says there is a big deal going on in East Orange re housing, and a few of the ABC are going to blast "hell" out of them. He asked if there is anything we can do regarding CP activities. GABE BLOCKSBERG tells him the necessity of veterans getting into veteran organizations, especially the American Legion. PAGE declares there is no clarity on the matter.

2529 2/1/46 NK-CB Indicated that PAGE was at a housing meeting with JOHN YOUNG, ROSE SELL, MARTHA STONE and WALKER WILLIAMS and PAGE spoke at the meeting.

Al Eisenberg to Elizabeth 3-8748.

This number is listed for Norton Stavis. Al asked for Esther Stavis. Apparently he dialed the wrong number and was never connected with Esther Stavis. The woman that answered the phone spoke broken English and when she answered, Al asked if she knows Bob Golden. Realizing that he had the wrong number he disconnected. He then called the operator and explained the situation. He received little cooperation from the operator and disgustedly hung up failing to attempt the call again.

Al Eisenberg to Mark Page at Or 5-7264 (Listed to Mark Page,
73 South Walnut Street, East Orange, N. J.)
to find out if he would be interested in economic research
work for the good of the party. It would concern such
plants as Bell Telephone Co, Public Service, Housing, and
other economic endeavors. Page says he is very busy
attending night school at NYU three or four nights a week
so his time is rather limited. He is unemployed at the
present time however and he feels that he could contribute
his engineering experience and training to this work since
he has been employed by most of the large firms in this
area during the past 12 years. He will try to see Eisenberg
in the near future and they can discuss the work in which he
would be more useful. Eisenberg says that he was recommended PS
for this work by Evelyn Wilson and Jack David.

Re: Martin Page, wa. Marcus Pogarsky

Dear Captain Hamberger:

Information has recently come to the attention of this office that the above named individual is being considered for employment with Electronic Associates, Long Branch Avenue, Long Branch, New Jersey, which company has classified contracts with your agency.

Page was born on November 15, 1918 at New York to David and Sarah Polaris Pogarsky, both of whom were born in Russia. By court order dated September 24, 1940, his name was changed from Marcus Pogarsky to Martin Page. He attended City College of New York, New York University and Rensselaer Polytechnic Institute. He was last known to be employed by the Ideal Novelty and Toy Company, 184-10 Jamaica Avenue, New York, from February 1949 until April 1950. He was previously employed as an engineer and/or tool designer for Manning, Maxwell and Moore, Jersey City; Westinghouse Company, Bloomfield; and George Scher Engineering Company, Newark, New Jersey.

Page served in the Navy, serial number 9033710 from June 1, 1944 until October 18, 1945 as a radio technician. He presently resides at 73 South Walnut Street, East Orange, New Jersey.

Informants of this office advised in 1945 that Page had been a member of the Communist Party since 1935. In 1947 and 1948 he was reported to be a member of the Professional Club of the Communist Party

of New Jersey. In February 1949 he reportedly undertook some economic research work for Al Eisenberg, who was at that time New Jersey State Educational Director of the Communist Party.

His wife, Stella Hope Page, is also reportedly a long-time member of the Communist Party. Page and his wife resided with Julius Rosenberg and his wife at 111 South 3rd Street, Brooklyn, New York, in 1939. Julius Rosenberg has recently been indicted for espionage in New York. During the course of investigation in the espionage case involving Julius Rosenberg, an attempt was made by this office to interview Page for any information he might be able to furnish in this connection. Page absolutely refused to be interviewed in this matter.

The above is being furnished for your information in the event that Page is employed by Electronic Associates or for any other firm having contracts with your agency. In the event this office ascertains his actual place of employment, you will be notified.

East Orange Couple, Pompton Plains Engineer
Also Named as Spy Trial Witnesses

A 30-year-old Newark engineer, who as an Army sergeant at Los Alamos atomic bomb project was in charge of the machine shop in which confessed atomic spy David Greenglass worked, said last night he expects to testify in

approximately three weeks' as a prosecution witness in the New York atomic spy trial.

Greenglass is the brother of Mrs. Ethel Rosenberg, 36, who, with her husband, Julius Rosenberg, 36, and Morton Sobell, 33, is on trial for allegedly stealing atomic secrets from this country for transmission to Russia.

The engineer, Hugh Holland of 23 Parker street, was included in a supplemental list of 18 witnesses made public yesterday by U. S. Attorney Saypol as persons the government plans to call. Wendell Marshman of 15 Center street, Pompton Plains also was on the supplemental list.

Pair from East Orange

Saypol yesterday also announced the names of 36 government witnesses, including Dr. J. Robert Oppenheimer, director of the Institute for Advanced Study at Princeton and wartime director of the atomic bomb laboratory at Los Alamos. On this list were Mark and Estelle Page of 71 South Walnut street, East Orange; Ben

Zuckerman of 1302 Turner avenue, Wanamassa, and Samuel Levine of 89 Beachwood avenue, West Long Branch.

Although Holland was listed as a supplemental witness, he reported that, on Monday, when he last was questioned by Assistant U. S. Attorney Miles Lane, Lane told him he definitely would be called to testify.

Holland explained that he was an Army staff sergeant in 1944 when he was assigned to Los Alamos as a technical aid, probably because of his two years of engineering study at New York University. He remained at Los Alamos until 1946, Holland added, and for the last year was foreman of the machine shop in which Greenglass, also a sergeant, was assigned as a machinist.

Greenglass pleaded guilty to obtaining secret information at Los Alamos and passing it on to Mr.

(Continued Page 2, Column 6)

Witnesses

(Continued From First Page)

and Mrs. Rosenberg and Sobell. He will appear as a government witness against the trio.

Holland said he first had been called in for questioning after Greenglass was arrested. His first interrogation by the government on the Rosenberg-Sobell trial, however, did not come until three weeks ago, he added. Since then he has been questioned "several times" by the prosecution, he said.

Holland declared that he did not feel he should discuss the lines his testimony would follow. He said he is employed as an engineer at Wallace & Tiernan Co., Belleville, and is studying for his master's degree at Newark College of Engineering.

Won't Discuss Case

Marshman, a chemical engineer with the Westvaco Chemical Division of the Food Machinery and Chemical Corp. in Carteret, yesterday declined to discuss the case or his association with it. He said he was not even sure that he would be called as a "factual witness" for the government.

Holland, however, reported that Marshman was "chief of section" over him and Greenglass at Los Alamos.

Neither Zuckerman nor Levine would comment on their possible testimony. Zuckerman is an engineer employed by the government in the electronics branch of the Watson Laboratories in Eatontown and Levine is employed at Camp Evans, a radar study installation in West Belmar.

In East Orange, Page denied knowing anything about the case. "You must be mistaken," he said after being informed that he and his wife would be called as prosecution witnesses.

At New York's Federal Court, Saypol refused to discuss the witnesses and Alex Bloch, defense counsel, said that, so far, he knew none of the three defendants were acquainted with the New Jersey witnesses.

Office Memorandum • UNITED STATES GOVERNMENT

TO : SAC MCKEE

FROM : SA THOMAS M. O'CONNOR

SUBJECT: MARK PAGE, wa.
ESPIONAGE - R

DATE: March 17, 1951

100-23881-101

The report of SA THOMAS M. O'CONNOR dated 3/16/51 set forth information as contained in the records of the RETAIL CREDIT COMPANY, 36 Commerce Street, Newark, N. J. who made an investigation of the subject at the request of the MASSACHUSETTS MUTUAL LIFE INSURANCE COMPANY, Raymond Commerce Building, Newark, N. J. who were considering employing the subject. The RETAIL CREDIT COMPANY conducted an investigation of PAGE which was dated February 8, 1951. This report carried comments obtained as a result of inquiry made at the WESTINGHOUSE COMPANY at Bloomfield, N. J. where PAGE was previously employed, to the effect that he had fought termination through the Union. A Mr. MARCEL SCHERER (who is a well-known left wing union executive) and who is now being held for contempt of court by the U. S. Government, came up from Washington and appeared at the hearing. (This information has been reported in the report of the writer dated 8/2/50).

In addition the investigation of the RETAIL CREDIT COMPANY reflects that through confidential sources "which we have verified through various sources" we learn that "your applicant" has been under close surveillance by the FBI. "Instructions have been given that his mail and any papers which he discards are to be watched carefully and turned over to the FBI. Through one confidential source, a former employer, we learn that the applicant is definitely left wing, is being carefully watched, and in the words of this executive, "he is a hot potato".

Clipped to this report at the time the writer reviewed it at the RETAIL CREDIT COMPANY were notes apparently made by the RETAIL CREDIT COMPANY'S investigator and which reflect that WILLIAM GRANT of the WESTINGHOUSE COMPANY had advised the RETAIL CREDIT COMPANY that the FBI was checking on PAGE. Additional notes which were partly confusing, seemed to reflect that a Mr. BLAKE, identified in these notes as a brother of MRS. KEATING, former superintendent of the apartment house, 73 So. Walnut St., East Orange, advised that the FBI had been to the apartment house quite a few times checking on PAGE. These notes further reflected that the FBI had been to Mrs. DE GROOT, present superintendent, and asked her to watch his mail and papers.

In connection with this report at the RETAIL CREDIT COMPANY, it should be noted that WILLIAM GRANT, Labor Relations Manager at WESTINGHOUSE, Bloomfield, N. J. has been a contact of this office for a number of years and has been considered to be reliable. As pointed out in the report of the writer dated March 16, 1951, GRANT has notified this office whenever information has come to his

attention that PAGE is being considered for employment by any company.

GRANT telephonically contacted the writer and advised him that the RETAIL CREDIT COMPANY was making an investigation of PAGE in connection with an application of employment with an agency unknown to GRANT and that they had asked his comments. GRANT had asked the writer as to what information he should furnish the RETAIL CREDIT COMPANY concerning PAGE. At that time the writer advised GRANT that he should furnish the RETAIL CREDIT COMPANY with only that information that he knew from his records concerning PAGE and that he should not under any circumstances reveal to the RCC that the FBI had any interest in PAGE.

It should be noted in this connection that during the course of the investigation of PAGE, it was necessary to make inquiry of GRANT and others at WESTINGHOUSE concerning any knowledge they may have had of any relationship between PAGE and JULIUS ROSENBERG. However, it appears in this instance that GRANT did not comply with the request of this office that our interest in PAGE be kept confidential.

In relation to the information apparently furnished by Mr. BLAKE, Brother of Mrs. KEATING, to the RCC, this is to advise that BLAKE is unknown to this office, however, Mrs. KEATING was contacted on several occasions by this office in an attempt to ascertain whether or not the subject was employed or any information she may have had concerning him. She had also been requested to keep the inquiry on a confidential basis. Mrs. DE GROOT, who has recently become the building superintendent at 73 So. Walnut Street, was contacted on only one occasion by the writer at which time it was unknown that Mrs. KEATING was no longer at the apartment house. Mrs. DE GROOT was only asked whether or not PAGE was still residing at the apartment. She was not asked anything else. At no time was Mrs. DE GROOT or Mrs. KEATING ever asked to watch the subject's mail, as a matter of fact, a mail cover had been placed on PAGE through the East Orange Post Office. Again, neither Mrs. DE GROOT or Mrs. KEATING had been requested to obtain subject's trash, however, on one occasion Mrs. KEATING was questioned as to the method of disposal of trash for the whole apartment building, which information was solicited as a possible prelude to a future request of the Bureau for a trash cover of the subject, if such was later determined to be advisable.

ESPIONAGE - R

INTERNAL SECURITY ACT OF 1950

FRAUD AGAINST THE GOVERNMENT

Reference is made to the report of Special Agent Robert L. Lanphear dated at Baltimore, Maryland, May 9, 1951, in the above-captioned matter.

Your attention is invited to page 13 of this report, wherein Kitty, in his signed statement of April 25, 1951, made reference to his employment at the Woodhaven NYA Project with a Sigman and a Marcus Pigarsky (phonetic). From a review of the Bureau files, it appears that the Marcus Pigarsky referred to by Kitty is undoubtedly identical with one Marcus Pogarsky, also known as Mark Page.

For the information of the Baltimore Division, Mark Page is presently the subject of a separate Espionage - R investigation as a result of his known association with Julius Rosenberg, recently convicted espionage agent. According to this investigation, Marcus Pogarsky, who has legally changed his name to Mark Page, was born in New York City on November 13, 1918. He attended CCHT School of Technology between 1934 and 1938, being a classmate of Julius Rosenberg in that school. He is presently married to Stella Hope Page. He is employed by the Mothercraft Toy Company, Newark, New Jersey, and resides at 73 South Walnut Street, East Orange, New Jersey.

The Bureau's investigation has developed that Page's name was included in a list of CCHT students who were affiliated with organizations connected with the Communist Party. He also was reported by Newark anonymous confidential informant as having been a member of the Communist Party since 1935. Further, [redacted] advised as of October 19, 1948, that Page and his wife, Stella, were members of the Professional Club of the CP. b7d

According to a statement made by Rosenberg, he and his wife, Ethel, resided at the Pages' residence at 111 South Third Street, Brooklyn, New York, for a period of several years around 1939. Further, Rosenberg admitted that he worked with Page in the office of Paul Williams in New York City, Williams reportedly being the Director of the Abraham Lincoln Brigade and a member of the Loyalist Airforce. Michael Sidorovich has also indicated that he was for a time in the employ of Paul Williams. The name of Marcus Pogarsky was furnished by Rosenberg as a reference at the time he made his application for employment with the War Department in 1940. According to Ruth Greenglass, wife of confessed espionage agent David Greenglass, Rosenberg claimed to have attempted to recruit Page for espionage and appeared upset when Page refused to cooperate.

It is further noted that Page refused to be interviewed by Bureau agents at Newark, New Jersey, on December 15, 1950.

A check of the Bureau files has failed to reflect any information as to any Sigman Figarsky. It might be noted, however, that the investigation as to Page has reflected that he had a brother named Solomon Pogarsky who may be identical with this individual.

It is further noted that on page 15 of referenced report that Subject Kitty advised he recalled one Reno King as having attended YCL meetings in New York during the time of Kitty's attendance at Cooper Union College. A check has been made of the Bureau files concerning Reno King and the only identifiable record concerning an individual by that name appears in the case entitled "Fred Baltz, AKA - A." It was noted in the report of Special Agent Joseph E. Milenky dated at New York City August 9, 1948, that one Reno King, 115 Payson Avenue, New York City, appeared as a reference on applicant's PSQ. With regard to King, Professor H. F. Roemmele of Cooper Union, advised that he was under the impression that Reno King was in the same class with applicant and was mixed up with a group of trouble-makers. This group was continuously harassing the faculty with various complaints. Further, that King, after being called into the Dean's office, turned over a new leaf and became one of the star students in the school. He was stated to have dropped all his old associates at the time of his graduation. According to Professor Roemmele, King was teaching in the School of Engineering at New York University on a part-time basis. He had no information to indicate that King was engaged in Communist activities.

It is requested that at the time of your next interview with subject Kitty that you make an effort to obtain additional identifying information concerning the Pigarsky and King so that it may be determined whether they are identifiable with Marcus Pogarsky, Solomon Pogarsky and Reno King referred to in this communication. A photograph of Marcus Pogarsky, aka. Mark Page is being attached hereto for your information.
